SKILLS

- **Languages:** C, C++, TypeScript, Python, Java
- **Frameworks:** HTML and CSS, NodeJS, TensorFlow, scikit-learn
- **Tools/Platforms:** MySQL, DSA, Kaggle, GitHub, Google Colab, Anaconda, Android Studio
- **Soft Skills:** Problem-Solving, Team Player, Adaptability, Quick Learner

PROJECTS

AyurVision - Medicinal Plant Identifier: [Github](#)

Jan 2026

- Built an automated image classification system to accurately identify 40+ Indian medicinal plants and raw materials to combat adulteration in the Ayurvedic supply chain.
- Implemented image preprocessing, data augmentation, and model fine-tuning using a pre-trained Vision Transformer (ViT) architecture, achieving ~99% validation accuracy.
- Designed and deployed an interactive Streamlit web application on Hugging Face Spaces to provide real-time plant recognition, scientific names, and therapeutic properties.
- **Tech stacks used:** Python · PyTorch · Hugging Face Transformers (ViT) · Streamlit · PIL · Scikit-learn · Torchvision

Android Music Player: [Github](#)

July 2025

- Developed a full-featured Android music player using Java with ExoPlayer for high-performance audio playback.
- Implemented a modern Material Design UI, interactive waveform seek bar, favorites management, recently played tracking, and album-art-based dynamic visuals.
- Enhanced user experience with smooth navigation, shuffle/repeat controls, and custom components integrated from third-party libraries.
- **Tech stacks used:** Java · Android Studio · Material Design

TRAINING

Android Developer Pro: Hands-On Projects & Play Store Launch | LPU:

June 2025 - July 2025

- Completed an intensive Android development internship focused on building real-world apps from scratch and publishing them on the Google Play Store.
- Worked on end-to-end development including UI design, app architecture, API integration, debugging, optimization, and release management.
- Gained practical experience through multiple hands-on projects and industry-oriented workflows.
- **Tech stacks used:** Java · Kotlin · Android Studio · Firebase · REST APIs · Material Design · Android Jetpack · Git/GitHub

CERTIFICATE

- Oracle Cloud Infrastructure 2025 Certified Data Science Professional | [Oracle](#) Aug 2025
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | [Oracle](#) Aug 2025

ACHIEVEMENTS

- Recognized among 150+ trainees for exceptional app development skills, code quality, and timely project delivery.
- Demonstrated strong leadership, event management, stakeholder coordination, and team execution skills through successful campus-level initiatives.

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; Since August 2020
- **M.S.D Spring bells public school** Fatehabad, Haryana
Intermediate; Percentage: 69% March 2022 - March 2023
- **M.S.D Spring bells public school** Fatehabad, Haryana
Matriculation; Percentage: 64% March 2020 - March 2021
